

Auburn Rotary Club Scholarship Summary

Career

This scholarship will be awarded to a student who plans to attend a college, vocational, trade school or equivalent. It is for someone to be recognized for their personal growth. This is not based only on grades or tests, but instead also considers the students strong focus on a specific career/trade: for example, automotive, computer tech, emergency services (EMT, Fire Service, Police, etc.), health care tech, construction, welding, dental hygiene, cosmetology, etc.

Presidential

This scholarship will be awarded to an individual who has excelled in life despite personal hardships and truly needs the financial help to achieve his/her goals. This student should reveal how they has grown as an individual and learned to persevere to obtain what they set his/her their mind to achieving despite this hardship.

Professional Educator

This scholarship will be awarded to a strong academic student who has shown great personal growth. The student must also be pursuing an educational degree related to a career working with children such as teaching or social sciences.

Snyder

This scholarship will be awarded to a top student who has challenged themselves in high level classes (AP/Honors) and learned what it takes to overcome obstacles to persevere. The student recipient will be able to document how their personal growth and focus on future endeavors of attending a four-year college are essential to success.

Traynor

This scholarship will be awarded to a top academic student who has challenged themselves in high level classes (AP/Honors) and has designated an academic tract of Pre-Veterinary Medicine. Majors may include Animal Science (preferred), Biological Science or Life Science. The student recipient shall exemplify leadership, community service in their selected field.
